

Mitra SK Services in Latin America

Excellence in Testing, Inspection & Certification

Mitra SK Latin America

Delivering Trusted Testing, Inspection & Certification Across South America

Mitra SK is a globally recognized leader in **Testing, Inspection, and Certification (TIC)**, delivering independent, accurate, and reliable services across the commodity value chain.

With its regional headquarters and **state-of-the-art laboratory in Brazil**, MSK provides comprehensive inspection, sampling, testing, and certification services across **Brazil, Argentina, Bolivia, Chile, Colombia, Ecuador, Mexico, Peru, Uruguay, and Venezuela**. Our expertise spans port operations, mineral and bulk commodity inspection, laboratory analysis, environmental monitoring, and supply chain quality assurance.

Powered by advanced laboratories, proprietary digital inspection platforms, and real-time reporting systems, MSK enables clients to make faster, data-driven decisions with complete transparency and confidence.

Industries We Serve

Mining | Steel | Power | Cement | Non-Ferrous Metals
Fertilizers | Bulk Commodities | Energy

Independent. Accurate. Trusted. Across Latin America.

Mitra SK Services in Latin America

Excellence in Testing, Inspection & Certification

Mitra SK Brasil – Your Trusted TIC Partner Across Latin America, established in 2011 in Rio de Janeiro, Brasil, Mitra S.K. do Brasil Inspeção e Análises Ltda. delivers **Independent Testing, Inspection, and Certification** (TIC) services for bulk commodities including Coal, Coke, Ferrous and Non ferrous commodity.

With operations spanning all major Brazilian ports, from the south to the far north, our experienced teams provide 24/7 sampling, inspection, and supervision during vessel and container loading / unloading, along with rail, truck, and stockpile sampling.

Serving as MSK's Latin American hub, our Brasil lab supports operations across Argentina, Bolivia, Chile, Colombia, Ecuador, Mexico, Peru, Uruguay, and Venezuela, ensuring consistent, high-quality TIC services throughout the region.

Our advanced online vessel tracking, monitoring, and digital reporting systems deliver real-time visibility and accurate inspection data throughout the cargo journey.

24/7 Operations | Pan-LATAM Coverage | Real-Time Reporting | Independent

Laboratory Excellence

MSK operates a state-of-the-art chemical laboratory in Itaguaí, Rio de Janeiro, equipped with advanced analytical instruments including **ED-XRF** and **Atomic Absorption Spectrophotometer (AAS)** for accurate and reliable mineral analysis.

The laboratory is **licensed** by the **Brazilian Navy** to conduct Moisture Content and **Transportable Moisture Limit (TML)** testing, ensuring compliance with international shipping standards.

To strengthen our northern Brazil operations, MSK also operates a laboratory in Barcarena, near **Vila do Conde Port**, supported by a dedicated team of **25 skilled professionals**, delivering fast, dependable testing and inspection services for the region

Services

MSK delivers comprehensive Testing, Inspection, and Certification (TIC) services across all major Brazilian ports, from the south to the far north, while supporting operations throughout Latin America, including Argentina, Bolivia, Chile, Colombia, Ecuador, Mexico, Peru,

Uruguay, and Venezuela.

Our experienced teams provide **24/7 independent inspection and supervision**, including:

- **Vessel and container loading & unloading supervision**
- **Mechanical and manual sampling**
- **Railcar and truck sampling**
- **Stockpile sampling and analysis**
- **Cargo quantity and quality verification**
- **Sampling management and inspection reporting**

Backed by experienced inspectors, advanced digital reporting, and rapid turnaround, MSK ensures **accurate, transparent, and reliable TIC services** across the LATAM commodity supply chain.

Operational Capabilities

MSK operates strategically located, state-of-the-art laboratories equipped with advanced analytical technologies to deliver precise and reliable testing for a wide range of commodities. Our laboratories adhere to international quality standards, providing fast turnaround times and dependable results that support confident business decisions.

Mitra SK Services in Latin America

Excellence in Testing, Inspection & Certification

Technology & Value-Added Services

MSK combines advanced technology with operational expertise to deliver efficient, transparent, and reliable inspection services.
