

# Mitra SK Services in the ASEAN Region

## Excellence in Testing, Inspection & Certification

Mitra SK is one of the global leaders in the Independent Testing, Inspection & Certification industry, with a significant footprint across the ASEAN region.

With a network of offices and state-of-the-art laboratories across Indonesia, Vietnam, Malaysia & Singapore, we provide accurate and timely TIC services and Port Operations throughout the region for industries like

- Steel
- Power
- Cement
- Mining industries
- Warehouse Due Diligence
- Port Services

Promoting excellence in its comprehensive range of services, Mitra SK is committed to uphold the highest standards of accuracy, reliability and sustainability to its clients.

### MSK Footprint in ASEAN

# Mitra SK Services in the ASEAN Region

## Excellence in Testing, Inspection & Certification

### Indonesia

Mitra SK Analisa Testama started operations in Indonesia, in 2009, to serve industries and trade by delivering quality testing, inspection, and certification services for coal, palm kernel, and other mineral commodities.

Our dedicated team across Indonesia undertakes sampling, drafting, and consultation, as well as pre-shipment inspection and analysis, supervision, or witnessing of barge and mother vessel activity at anchorage.

We also provide submitted sample analysis and help our clients to set up of dedicated laboratories on a contract basis throughout Indonesia.

### Malaysia

Mitra SK is registered and licensed to operate in Malaysia, using the technical and laboratory resources in neighboring Indonesia.

Mitra SK is known for quality and quantity assaying company in ASEAN region, we serve for steel, power, metal smelting industries and for vegetable oil also.

In terms of Inspection facilities of out bound and inbound cargoes like palm oil, iron ore, manganese ore, ferro alloys, and fertilizers at every port we are present to fulfil the industries requirements.

The MSK Malaysia team is equipped with all the necessary equipment for all sorts of analysis and measurement.

### Vietnam

Mitra S.K. Vietnam Company Limited was incorporated in 2017, mainly to serve the needs of the thermal power and steel industries. The laboratory at Ho Chi Minh City also tests other commodities such as manganese, limestone, clinker, iron ore, phosphoric acid, etc. Services are available at the ports of Hai Phong, Quang Ninh, PTSC Tan Hoa, Dung Quat, Dung Nai, Go Dau and other ports in south-central Vietnam as well as in north Vietnam, such as Ha Long, Cam Pha, and Go Da anchorages.

The MSK Vietnam team is equipped to undertake round-the-clock sampling and supervision during container and vessel loading of cargo.

Our online vessel tracking, monitoring, and reporting system generates reports in real-time to ensure complete control.

### Singapore

Mitra SK Singapore plays a vital role as a global marketing hub for servicing the eastern part of the world, coordinating operations to meet the inspection, testing and certification needs of customers globally.

### Service Offerings

**Testing, Inspection & Certification Services:** Coal, Ferrous and Non-Ferrous Minerals and Alloys, Precious Metals and Flux Commodities
